ENFORCER**

## DOUBLE MAN SCRUM SLED

Ideal for reviewing players' posture, packing and scrummaging technique

Folds down and can be flat packed

Can be custom made

Suitable for juniors through to elite

### BENEFITS

The Double Man Sled is ideal for strength and conditioning for all levels.

These sleds can be custom made to meet specific requirements.

This machine is modular and can be folded down and flat packed for ease of transport and storage. Ideal for use on the road where access to training equipment is limited.

### FEATURES

The Enforcer Double Man Scrum sled has been specifically designed for the back row, locks, breakaways and number 8s.

This sled allows the coach to have a closer look at the back rows' technique without the influence of the front row.

The centre pad can be removed and the two outer pads moved in to create a Single Man Sled.
